3 REELS · 9:16 | 15–25 SECONDS EACH | WHATSAPP CTA · VIDEO-ONLY OFFER | LAUNCH: NOVEMBER 2026

- **Ad 01 (Numbers Hook)** — In flight · AED 120/day · Cold
- **Ad 02 (62 Days Left)** — Launching tomorrow · Warm retargeting
- **Ads below** — New scripts · Ready to film

AD A — FOMO REEL · COLD + WARM · "YOUR COMPETITOR"

A

"YOUR COMPETITOR BOOKED A SESSION LAST WEEK."

The most powerful trigger in a competitive market like Dubai: someone else is moving. No need to name competitors, attack anyone, or oversell. One line creates the itch. Works cold and warm. Forces a decision — book now or watch your market go to someone who already did.

FORMAT	AUDIENCE	OBJECTIVE	BUDGET

Reel 9:16 · 18s	Cold + Warm · UAE	Leads → WhatsApp	AED 100/day

0:00–0:03

HOOK — LEAN IN, CONVERSATIONAL, SLIGHTLY CONSPIRATORIAL

Low energy at the start. Like you're telling them something they don't know. Slight pause after "last week."

> **"Your competitor was in our studio last week. They recorded a full video episode, 7 clips, and an audiogram. In two hours."**

0:03–0:11

THE TWIST — REFRAME THE REAL COST OF NOT ACTING

Calm. No aggression. This is a conversation with someone who respects their own time.

> **"By the time you're done watching this, they've already distributed that content to their entire network. Their algorithm is warming up. Their clients are watching. Yours aren't seeing anything yet."**

0:11–0:18

CTA — ONE ACTION, NO OPTIONS

Calm urgency. This isn't panic — it's a simple practical decision.

> **"We have slots open this week. Message us on WhatsApp now and you'll be live before November is over."**

ON-SCREEN TEXT OVERLAYS

- **0:00 — "Your competitor was in our studio last week"**
- **0:03 — "Full episode · 7 clips · Audiogram · 2 hours"**
- **0:11 — "Slots open this week"**
- **0:15 — End card: "Dubai Podcast Studio · WhatsApp →"**

EXECUTION NOTES

→ **Don't name the competitor** — "your competitor" is more powerful than any real name. The viewer fills in whoever they're actually worried about. Universal and personal at the same time.

→ **Tone is key** — this is not a threat or a taunt. It's a friendly heads-up from someone who knows something you don't. Calm, not loud.

→ **B-roll option** — if you want a visual cut at 0:03, show the studio door closing or an empty chair in the booth. Suggests a session just ended. Seconds of footage only, then back to face cam.

→ **Rotate the vertical** — "Your competitor in real estate / in consulting / in finance was in our studio last week." Three separate versions of the same script. Same film, different first line. Triples your targeting precision with one shoot day.

AD B — OBJECTION KILLER REEL · WARM · "I DON'T KNOW WHAT TO SAY"

"I DON'T KNOW WHAT TO TALK ABOUT ON CAMERA."

B

The single most common reason people who want to book DPS don't book DPS. This ad finds every warm lead who's been circling the idea for weeks, names their exact fear, and removes it in 20 seconds. Highest conversion potential of any warm-audience video right now.

FORMAT	AUDIENCE	OBJECTIVE	BUDGET
Reel 9:16 · 22s	Warm retargeting · 30d	Leads → WhatsApp	AED 80/day

0:00–0:03

HOOK — SAY THEIR EXACT THOUGHT OUT LOUD

Say this like you've heard it a hundred times. No judgment — just recognition. This line alone is why the viewer stops scrolling: someone finally said it.

> "'I don't know what to talk about on camera.' That's the number one thing we hear before every single session."

0:03–0:14

THE REFRAME — KILL THE OBJECTION WITH SPECIFICITY

Shift to warm confidence. You've solved this before. Many times.

> "Here's what we do: before your session, we spend 15 minutes on the phone. We ask you 5 questions about your work. By the time you sit in front of the camera, you already know exactly what you're saying — because you just said it to us."

0:14–0:19

PROOF + RESULT

Quick, confident. One breath.

> "Every single client who walked in thinking they had nothing to say left with a full episode and 7 clips they were proud of."

0:19–0:22

CTA

Gentle. This person is already 80% convinced — don't oversell.

> "Message us on WhatsApp. The prep call is free. Come in ready."

ON-SCREEN TEXT OVERLAYS

- 0:00 — "'I don't know what to say on camera.'"

- **0:03 — "We prep you. 15 min. Before your session."**
- **0:14 — "Full episode + 7 clips · Every time"**
- **0:19 — End card: "Dubai Podcast Studio · WhatsApp →"**

EXECUTION NOTES

→ **The hook is the ad** — say it in quotes, slightly slower, like you're quoting a real person. The viewer who has thought this exact thing will feel seen in the first 2 seconds. That's the conversion mechanism.

→ **The "prep call" must exist** — only use this script if DPS genuinely does a brief pre-session prep conversation. If the format is different (an intake form, a questionnaire), swap the detail to match your actual process.

→ **Warm audience only** — don't run this cold. The objection-killer format assumes the viewer already knows what DPS is. Cold audiences need the offer first, the objection second.

→ **Optional variant** — same script, different hook: "Everyone who came to us said 'I'm not interesting enough for a podcast.'" Swap and A/B test after week 2.

AD C — NOVEMBER DEADLINE REEL · COLD · "BOOK THIS MONTH"

C

"IF YOU BOOK IN NOVEMBER, YOU'RE LIVE IN 2026."

A deadline that is completely true and requires no fabrication: anyone who records in November gets their content out before the year ends. This is the cleanest urgency play in the campaign. Pairs with the broader Q4 message and creates a specific, actionable timeline.

FORMAT	AUDIENCE	OBJECTIVE	BUDGET
Reel 9:16 · 20s	Cold · Broad UAE · 28–55	Leads → WhatsApp	AED 100/day

0:00–0:04

HOOK — THE EXACT OFFER, THE EXACT WINDOW

Start mid-sentence, no intro. Like you're picking up a conversation already in progress. Slightly fast pace — this person is busy and so are you.

> **"If you record a video episode with us in November, you can have it live on every platform before the year ends."**

0:04–0:13

THE OFFER — FAST, SPECIFIC, NO FLUFF

Cut to a quick studio B-roll shot (2 seconds), then back to face cam.

> "Two hours in our studio in Dubai. We record everything — your full episode, your short-form video clips, your Reels cuts. We deliver the completed files within 24 hours. You publish. Your audience grows. Starting this month."

0:13–0:17

THE WHY NOW — CLOSE THE "I'LL DO IT IN JANUARY" LOOP

One beat slower. This is the insight.

> "January is when everyone starts. November is when you get ahead."

0:17–0:20

CTA — TIGHT

Direct eye contact. No hesitation.

> "WhatsApp us. Let's get November locked in."

ON-SCREEN TEXT OVERLAYS

- 0:00 — "Record in November → Live before 2027"
- 0:04 — "2 hours · Full episode · 7 clips · 24h delivery"
- 0:13 — "January = everyone starts. November = you lead."
- 0:17 — End card: "Dubai Podcast Studio · WhatsApp →"

EXECUTION NOTES

→ **"January is when everyone starts. November is when you get ahead."** — this line at 0:13 is the most quotable, most shareable line in the entire campaign. It can also run as the standalone hook on a re-edited 5-second cut for Story placement.

→ **This ad expires naturally** — it's only true in November. On Dec 1, swap: "If you record in December, you start 2027 with content already live." One re-shoot of the hook line, same body. New asset in 20 minutes.

→ **Cold audience works here** — this is simple enough that no prior awareness is needed. The "November → live before year-end" logic is immediately understandable by anyone who has thought about content once.

→ **The 2-second B-roll cut** — 4 seconds into the ad is where most cold viewers decide to stay or scroll. A brief shot of the studio at this moment (mic, camera, booth) confirms this is real. No stock footage — shoot it on your phone in 2 minutes.
